

**New improved coverage
of the Norfolk Broads –
July 2020.**

**Following images are
screenshots from a
Raymarine Axiom**

**See the chart detail
also online via our
[Chart Viewer](#)**

The following screenshots are from a Navionics+ chart and are random sample taken throughout the Broads.

All have the SonarChart™ layer which provides the contours.

Note the several new “objects” including directional arrows and new POI’s.
